2017-20 Plan Summary

The Story

Describe the students and community and how the LEA serves them.

Magnolia Science Academy Bell, is a classroom-based charter school serving grades 6th-8th with a curriculum emphasis on science, technology, engineering, arts, and math (STEAM).

Our mission is to provide a college preparatory educational program emphasizing STEAM in a safe environment that cultivates respect for self and others. Graduates of Magnolia Public Schools are scientific thinkers who contribute to the global community as socially responsible and educated members of society.

MSA Bell currently has 495 students in grades 6th-8th, and mainly draws enrollment from the neighboring communities of the southeast Los Angeles area. MSA Bell has a diverse student population of 93% Hispanic/Latino and 7% White (Arabic), 86% socioeconomically disadvantaged, 11% special education, and 10% English language learner population.

We offer a comprehensive learning experience designed to serve the needs of our students through effective site-based instruction, rich hands-on learning, and foundation skills presented in ways that are relevant and inspiring for our students. Classroom instruction at MSA Bell is supplemented by tutoring, after-school programs, and families training.

LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

The collaborative effort in the construction of the LCAP has gathered input from all stakeholders and available data through surveys and student performance data. Based on input and data, we have revised our existing actions/services and measurable outcomes and also planned for new ones.

Some of the highlights include:

1. Stakeholder engagement in the shared decision making, especially in the area of blending learning and academic area of mathematics for all students and support of student groups (ELLs and SWD) in ELA and math.
2. Opportunities for professional learning for all stakeholders through workshops and supports, in socioemotional development and academic support in areas like mathematics and blending learning.
3. School community that provides programs to support the socioemotional development and academic learning of all students.

Our learning community has worked on its expected annual measurable outcomes to set targets in areas of greatest need and to close performance gaps among student groups.

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Greatest Progress

MSA Bell stakeholders conducted an analysis of data and information available. It has identified the following as areas of strength.

1. Suspension Indicator on the California Dashboard is at a blue or very low rate and levels maintain
2. English Language Progress Indicator on the California Dashboard is at a blue or very high level and continues to maintain this level
3. English Language Arts Indicator on the California Dashboard is at yellow or low, but it has increased a level for all student groups in the spring 2017 to the fall of 2017
4. Mathematics indicators on the California is in the low range, but the student group with disabilities has increased a color level from the spring of 2017 to the fall of 2017

MSA Bell seeks to continually develop professional learning opportunities for all stakeholders in the area of socioemotional development, especially staff that is continually tasked with supporting students beyond the daily academic challenges. Potential trainings include coaching adolescents in executive functioning skills.

MSA Bell continues to be prideful in the development and academic capacity of it's ELLs. Continual support and compliance is provided to the staff in the form of professional learning opportunities, grade level meetings, webinars, and other trainings. CHATS framework has been strategy of focus among staff members. In the classroom, students are introduced to literacy opportunities and strategies for comprehension and development in all courses. Enrichment in the development of language includes engagement with higher-order thinking questions, various scaffolding and accommodations to support language acquisition, cooperative groups, explicit direct instruction, word walls, content and language learning objectives. Continually development in this field will be provided to all stakeholders, especially since the state expectations are changing with the introduction of the ELPAC.

Greatest Needs

MSA Bell stakeholders conducted an analysis of data and other formative and informative information available. It has identified the following as areas of need in order to close the achievement gap.

1. Mathematics indicator on the California Dashboard is at orange or low for all student groups. The exception is the student group that is labeled socioeconomically disadvantaged, which is on the color indicator of yellow or low.
2. English Language Arts indicator on the California Dashboard is at yellow or low for all students. The student group, students with disabilities, is at an orange or very low.
3. Per student survey, the usage of technology is high and perceived as the teaching tool, instead of a supplement to extend the learning experience.
4. Per staff survey, development of a plan to maintain and support new teachers that enter the school site.

MSA Bell seeks to continually develop professional learning opportunities in both the areas of ELA and Mathematics. A new teaching position being created is a STEAM teacher. This teacher will collaborate with the educational team to identify areas of greatest need in ELA and Mathematics and create a course curriculum that capitalizes in these opportunities. The course will increase student exposure to the fields of mathematics and engineering.

MSA Bell will seek to solidify the inclusion model on campus. Plans are being created to identify a coordinator to oversee SpEd compliance and training for all teachers in their work with SWD. Additional support will be in the form of classroom collaborative teaching and planning, research and identifying trainings to fulfil the areas of need and seek opportunities to collaborate with other schools around the idea of full inclusion.

MSA Bell seeks to solidify the blended learning program and change the narrative for all members of the community that technology is a critical component of today's world and develop a belief that it is an extension of the educational experience (good teaching). Alongside this narrative, digital citizenship will be streamlined across the campus to align with the vision of the school to educate young individuals that will contribute to the community as a socially responsible and educated member of society.

MSA Bell seeks to further understand the needs of the teaching community and identify the factors that will empower teachers to develop their craft in the community of service. Strategies include providing home office orientation, site-based orientation that addresses school and individual needs, mentorship program with a seasoned staff member on site, and other strategies of support are currently being investigated.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these performance gaps?

Performance Gaps

Greatest Area of Need

1. Math, Student Group: English Language Learners
2. Math, Student Group: Students with Disabilities
3. English Language Arts, Student Group: SWD

Intervention/Action Plan

English Language Learners and Students with Disabilities have been identified as the group of greatest need on the school site in the area of mathematics and English Language Arts. MSA Bell is currently in the process of developing an intervention course/elective for incoming 6th grade students. The course will focus on the identified focus areas of math with the emphasize on project-based learning, engineering, and academic

discourse. Secondly, we will continue to provide access to intervention programs, like ST Math, which students can utilize at school and home. Families will be educated on the resources that are available for academic support. Lastly, there is continual effort to provide sheltered instruction, which is an approach to teaching English Language Learners in a manner that makes the content comprehensible to the learner. MSA Bell has identified that there are students that qualify under both student groups: SWD and ELL. The utilization of the CHATS framework for language acquisition will benefit that student groups that are struggling by providing various strategies that assist in the acquisition and development of language.

Increased or Improved services

MSA Bell will provide counseling and social-emotional support to all students, especially foster youth, homeless, and other in needs. This will include building capacity of teachers in trauma-informed approaches to instruction and classroom management.

LCAP Year Reviewed: 2017–18

Goal 1

MSA Bell provides academic excellence to all students.

State and/or Local Priorities addressed by this goal:

Priority 1:

1. To ensure teachers are appropriately assigned and properly credentialed

Priority 2:

1. To maintain implementation of CCSS for all students, including subgroups
2. To ensure teachers are trained in CCSS and the pedagogical shifts in support of increasing student learning and SBAC readiness
3. To ensure English Learners can access the CCSS and ELD standards.
4. To increase the percentage of students who are on track to be college- and career- readiness
5. Begin integration of “A,” arts in core curriculum

Priority 4:

1. To ensure a rigorous and relevant academic program
2. To increase the percentage of students who score proficient or above in English Language Arts/Literacy and math on the SBAC assessment system
3. To increase the percentage of ELs who meet or exceed the criteria for reclassification

Priority 7:

1. Ensure students have sufficient access to CCSS aligned instructional materials

Priority 8:

1. Collect, analyze and use multiple measures of student performance to increase student proficiency

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

MSA Bell provides academic excellence to all students. This is achieved by ensuring the following:

1. Appropriately assigning teachers to courses per their credential and providing the necessary classroom supports to ensure academic growth.
2. Academic rigor and relevance and implementation of CCSS is provided through the various classroom resources and curriculum, training on ELD framework and strategies, and resources on Summit Platform.

3. Internal assessment is accomplished through the usage of NWEA MAP, this allows the staff to measure and inform instruction for literacy and mathematics.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Measuring effectiveness of action plans was conducted in the following manner:

1. Quantity of professional development trainings for all stakeholders. For example, monthly trainings on working with student groups was provided to staff. This includes ELD support and trauma informed training.
2. Review of MAP data to analysis student growth from Fall to Spring.
3. Review of SBAC data to determine the most effective instructional approach to achieve student growth.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

All budgeted expenditures fall within the expected measures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

MSA Bell will maintain the goals established and modify according.

1. An area opportunity will be to identify the quality and sustainability of the professional development for all stakeholders.
2. Find opportunities to develop cross-curricular opportunities that are STEAM related.
3. Create a tool to measure college- and career-readiness

Goal 2

MSA Bell promotes innovation amongst all students.

State and/or Local Priorities addressed by this goal:

Priority 4:

1. Implement a blended learning program in order to help all students build 21st century skills to be college- and career-ready

Priority 5:

1. Prepare all students, including subgroups to be adaptable, responsible critical thinkers who contribute to the global community.

Priority 6:

1. Create a positive school climate that adapts to the needs of the community.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

MSA Bell promotes innovation amongst all students. This is achieved by ensuring the following:

1. Through the implementation of project based, blended learning, students develop their 21st century skills for college- and career-readiness.
2. Students are provided with resources necessary to achieve academic success, this includes qualified teachers and support staff, curriculum, technological resources, nutrition, counseling, and other necessary resources that will help all students achieve academic excellence.
3. MSA Bell is evaluated on a yearly basis by all stakeholders to ensure that the needs of the learning community are being met.
4. MSA Bell has developed a culture of acceptance and connectedness, this ensures that students feel welcome and the environment is conducive to achieve academic success. As a learning community, we have established a school culture that is open to restorative practices, but will require further training and development for effective implementation. This accounts for the low suspension and expulsion rate.
5. MSA Bell is currently awaiting the following data for analysis of the school year: SBAC, Spring MAP, and EL reclassification results.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Measuring effectiveness of action plans was conducted in the following manner:

1. Students participated in blended learning in all of the core classes. This was made possible through the usage of the Google Suites and Summit Learning Platform.
2. All of the school programs and resources were made accessible to all students. This includes services such as ELD developmental support and services as expected through IEPs for students with disabilities.
3. Students involvement with experience in the area of STEAM increased through electives courses, project based learning in the classroom, field trips, participation in the MPS STEAM Expo, and service learning activities.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

All budgeted expenditures fall within the expected measures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

MSA Bell will maintain the goals established and modify according.

1. Use classroom walk-through matrices to measure appropriate usage of blended learning in the classroom.
2. Develop a curriculum for Life Skills that will be specific to the needs of academic and social-emotional support of the students within the specific grade level.
3. Develop more opportunities for students to showcase and celebrate their projects that are completed in their core courses.

LCAP Year Reviewed: 2017–18

Goal 3

MSA Bell builds connections amongst all stakeholders in the community.

State and/or Local Priorities addressed by this goal:

Priority 1:

1. Maintain a safe school environment with facilities that are in good repair.

Priority 3:

1. Encourage a partnership with parents within the school setting (classroom, supervision, etc.)
2. Provide opportunities for parent involvement and seek parent input in school site decisions

Priority 5:

1. To increase student attendance
2. To avoid chronic absenteeism
3. To avoid middle school dropout
4. Provide opportunities for student participation and seek student input in school site decisions

Priority 6:

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

MSA Bell builds connections amongst all stakeholders in the community. This is achieved by ensuring the following:

1. Ensuring the building and grounds are maintained as best as possible. In order to provide a safe learning environment.
2. Home Visits continue to be a successful avenue to engage all stakeholders to build rapport with one another.
3. Several avenues opportunities are created to encourage family and student participation such as PTF, ELAC, SSC, family workshops, Parent College, etc.
4. Students feel connected to the learning environment, as evident through the high ADA.

5. Safety is priority at the school. It is evident through an active and visible administration and teaching staff. As part of student safety and connectedness, the staff participates in regular professional development related to the social-emotional development of adolescent.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Measuring effectiveness of action plans was conducted in the following manner:

1. Quantity of meetings for various gatherings such as home visits, workshops, SSC, ELAC, PTF, and other activities are calculated throughout the year.
2. Information on attendance is reported through Cal PADS and data is collected from the California Dashboard.
3. Monthly emergency drills are conducted collaboratively and recorded at Orchard Academies to ensure the safety of all students and staff.
4. Monthly staff professional development sessions are conducted on supporting our student groups.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

All budgeted expenditures fall within the expected measures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

MSA Bell will maintain the goals established and modify according.

1. As a leadership team, the goal is to create a systematic approach to parent trainings that are aligned with the needs of the school and the learning community.
2. Continue to find opportunities to train staff and all stakeholders in trauma informed instruction.
3. Continue to find opportunities to collaborate with the other schools on Orchard Academies to extend beyond safety drills, and look at restorative practices and proactive measures to handle potential adolescent struggles.

Stakeholder Engagement

LCAP Year: 2017–18

Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

In order to promote a positive learning experience for our students, MSA Bell has established a culture of partnership with families, students, staff, community members, and other stakeholders through multiple channels including meetings, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, all stakeholders are invited to be involved in the process of school review and improvement including the development of our annual LCAP.

Information/input sessions include Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Public School Choice (PSC) review, Charter School Division (CSD) review, Coffee Chat meetings, Board of Directors meetings, Principal meetings, and staff meetings. Feedback from our committees and meetings provide valuable input for the new LCAP. In addition, the MSA Bell conducts surveys for families, students, and staff, and the school staff conducts home visits. These all serve as a way to inform, educate, and gather input and feedback from all critical stakeholders.

MSA Bell has an approved charter petition with measurable student outcomes and methods to assess student progress. WASC accreditation provides a reflective opportunity to gather stakeholder feedback and input with action plans for continuous school improvement. SPSA develops the learning community to identify and address the instructional needs of students through Title 1 funds. The collaborative process monitors performance data, student needs, identifies goals, implements appropriate interventions/preventions. The PSC process allows stakeholders the opportunity to review school data, understand elements of a high-quality school and review the school proposals and offer their feedback. The various opportunities provide stakeholder engagement to address the needs of the student. Therefore, LCAP is received by our community as a comprehensive planning tool that draws from all other school plans and addresses the state priorities and locally identified priorities.

The MSA Bell has held its periodical meetings this year to gather input from our stakeholders. These include 10 PTF meetings, 4 SSC meetings, 4 ELAC meetings, several parent activities/events including Coffee Chat meetings, weekly staff meetings, and other stakeholder meetings. The school conducted a family, staff, and student experience survey with specific questions on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement. 100% of our stakeholders participated in this survey. The staff has completed 20% of its home visits during this school year and sought feedback from the parents for school improvement.

Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

Stakeholders have reviewed input in order to adjust all stakeholders and synthesized input to revise existing actions/services and measurable outcomes and also plan for new ones in the LCAP for the upcoming year. Some of the updates include:

1. Improvements in designated/integrated English Learner services.
2. Expanding after hour enrichment opportunities, like regular Saturday for Success Sessions.
3. Reviewing and learning about MTSS in order to provide academic and social-emotion support.
4. Seeking opportunities to create constructive teacher feedback and increase quality instruction.
5. Increasing college preparedness by offering advance courses that can further their academics at the middle school level, for example courses such as world languages, geometry, etc.
6. Investing in effective technology plan and strategy to provide students with resources necessary to succeed.
7. Investing in teacher professional development in areas such as effective instruction, blended learning, and trauma-informed instruction.
8. Expanding STEAM-based programs and activities.
9. Employing another LAUSD Building & Grounds maintenance worker will address the shorthanded staff at Orchard Academies and lead to better up keeping.

Goals, Actions, & Services

Strategic Planning Details and Accountability

Modified Goal

Goal 1

EXCELLENCE: All students will pursue academic excellence and be college/career ready.

State and/or Local Priorities addressed by this goal:

Priorities 1: Teachers will be appropriately assigned and fully credentialed as required by law and the charter.

Priorities 1: Students will have sufficient access to standards-aligned instructional materials.

Priorities 1: The school's facility inspection checklist will be in compliance/good standing.

Priorities 2: MSA Bell will provide instructional implementation of state standards to all students.

Priorities 4: All students will meet or exceed their proficiency targets on the CASSPP, ELA/Literacy and Mathematics assessments.

Priorities 4: All students will show growth on the CASSPP, ELA/Literacy and Mathematics assessments, as identified by the CA Dashboard.

Priorities 4: All students will meet their growth targets on the reading section of our internal, common-core aligned Measures of Academic Progress (MAP) assessment.

Priorities 4: EL students will make annual progress in learning English as measured by the CELDT and/or ELPAC.

Priorities 4: EL students will be reclassified annually.

Priorities 8: Students will receive a grade of "C" or better in core subjects and electives.

Identified Need:

The following has been identified as needs in order to comply with state requirements and authorizing body, LAUSD.

1. Credentialed teachers that are appropriated assigned to teach CCSS.

2. Develop proficiency targets and continual growth for all students, including student groups. This is measured by CASSPP assessment in English Language Arts/Literacy and Mathematics assessments, and the California Dashboard.
3. Development and continual growth of English Language Learners through ELD instructional support.
4. All students developing the skills and content knowledge to excel in the classroom. This will assist students in the development of soft skills and develop habits that are essential for college- and career- readiness.

Goal 2

INNOVATION. All students will become independent, innovative scholars.

State and/or Local Priorities addressed by this goal:

Priority 7: MSA Bell will provide programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest.

Priority 7: Students will have sufficient access to all academic and educational programs provided by MSA Bell.

Priority 7: Students enrolled at MSA Bell grades 6th-8th will be taking “Advanced Math” courses or club.

Priority 7: Our graduates will have taken a Computer/Technology class and/or experienced blended learning in their program of study.

Priority 7: Students will create or demonstrate a STEAM focused project, experiment, model, or demo.

Identified Need:

Priority 7

1. Meeting the required services as outlined in the petition and approved by the authorizer, LAUSD.
2. Students are provided with resources to assist in academic progress.
3. Students are provided with opportunities to advance academically.
4. Students experience the industry of STEAM through project based learning.

Modified Goal

Goal 3

CONNECTION. All students, families, staff, and other stakeholders will feel a sense of community and connection.

State and/or Local Priorities addressed by this goal:

Priority 3: MSA Bell will hold quarterly School Site Council (SSC) meetings.

Priority 3: MSA Bell will hold quarterly English Learner Advisory Committee (ELAC) meetings.

Priority 3: MSA Bell will hold a minimum of 5 parent activities/events per year.

Priority 3: MSA Bell teachers will update SIS records daily/weekly.

Priority 3: MSA Bell will send a minimum of 4 progress reports to families.

Priority 3: MSA Bell students will be home-visited by school staff.

Priority 5: MSA Bell will maintain a high Average Daily Attendance (ADA).

Priority 5: MSA Bell will maintain a low chronic absenteeism rate.

Priority 5: MSA Bell will maintain a low middle school drop-out rate.

Priority 6: MSA Bell will maintain a low student suspension rate.

Priority 6: MSA Bell will maintain a low student expulsion rate.

Priority 6: MSA Bell will maintain high participation rates in the school experience surveys of students, families, and staff.

Priority 6: MSA Bell will maintain high approval rates in the school experience surveys of students, families, and staff.

Identified Need:

Priority 3:

1. It is essential to provide families with avenues to participate in the decision making for the learning community.
2. It is essential to provide families with opportunities to participate in their child's education. This is provided through meetings and family workshops.

Priority 5:

1. The state elements are essential to the success of every child, in order to ensure college and career readiness. Elements include regular school participation and attendance.

Priority 6:

1. It is essential to provide an environment that is safe for all children. This makes it conducive for a positive learning environment and will be measured through stakeholder surveys and decrease of student suspension and expulsion.
2. It is essential to create an environment that students feel connected with the learning community.

1. MSA Bell will continue to provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. MSA Bell will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan.
2. MSA Bell teachers will provide instruction using integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. MSA Bell will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction/intervention. MSA Bell will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. MSA Bell will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework.
3. All teachers will provide designated ELD to all EL students, with EL students who are Levels 1-3 participating in a full class period of targeted, protected ELD (differentiated by proficiency level), and Levels 4-5 receiving designated ELD in their ELA class, and, where possible, in an additional 25-minute session that focuses on reading and writing strategies, practice in speaking and listening, and academic vocabulary.

4. During the day, MSA Bell will provide additional supports and interventions to all students, including ELs, during after school hours. MSA Bell strives to refine targeted intervention and tutoring programs and plans to expand after school, Saturday school, and summer school opportunities.
5. MSA Bell will provide ongoing Family Training for all our families, including bilingual parents. SSC, ELAC, and PTF meetings, as well as Parent College, are some of the venues we will provide training to our families. MSA Bell will provide targeted assistance to low income students and their families in career/college readiness activities and guidance, including how to get financial aid. Parent training topics include, but are not limited to, how to assist students academically and behaviorally, how to navigate the educational system, including higher education, and other areas that will benefit all our students, including our unduplicated students.
6. Foster youth will receive educational counseling. Foster youth will receive academic supports and remediation and will be encouraged and supported to engage in extracurricular activities in order to mitigate the effects of school mobility on foster youth.
7. Research has shown that one of the keys to successful teaching and schooling is creating personal connections with students inside and outside of school. Knowing the students' outside interests, families, and home routines, and then using this information to connect in meaningful, individualized ways can have huge rewards in helping to create happier, healthier, and smarter kids. Recognizing these facts, MSA Bell uses home visits as one of the important features of its education program to not only improve student and school performance, but also to identify and intervene early with students performing below grade level (trauma informed instruction).
8. MSA Bell staff will implement MTSS practices, this includes restorative practices and PBIS, to build positive communities and increase school connectedness. MSA Bell will provide academic supports and remediation, Life Skills courses, counseling, and social-emotional support to our students. Our teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. MSA Bell will ensure that staff participate in PD on MTSS practices. Staff is dedicated and training provided to monitor student behavior and social-emotional progress.

Addendum

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. The LCAP is a three-year plan, which is reviewed and updated annually, as required. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the EC. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.

Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, enter the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the LCFF Evaluation Rubrics data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to LCFF Evaluation Rubrics means the evaluation rubrics adopted by the State Board of Education under *EC* Section 52064.5.

Budget Summary

The LEA must complete the LCAP Budget Summary table as follows:

- **Total LEA General Fund Budget Expenditures for the LCAP Year:** This amount is the LEA's total budgeted General Fund expenditures for the LCAP year. The LCAP year means the fiscal year for which an LCAP is adopted or updated by July 1. The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the *California School Accounting Manual* (<http://www.cde.ca.gov/fq/ac/sal/>). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow

the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)

- **Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for the LCAP Year:** This amount is the total of the budgeted expenditures associated with the actions/services included for the LCAP year from all sources of funds, as reflected in the LCAP. To the extent actions/services and/or expenditures are listed in the LCAP under more than one goal, the expenditures should be counted only once.
- **Description of any use(s) of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP:** Briefly describe expenditures included in total General Fund Expenditures that are not included in the total funds budgeted for planned actions/services for the LCAP year. (Note: The total funds budgeted for planned actions/services may include funds other than general fund expenditures.)
- **Total Projected LCFF Revenues for LCAP Year:** This amount is the total amount of LCFF funding the LEA estimates it will receive pursuant to *EC* sections 42238.02 (for school districts and charter schools) and 2574 (for county offices of education), as implemented by *EC* sections 42238.03 and 2575 for the LCAP year respectively.

Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's* approved LCAP; in addition, list the state and/or local priorities addressed by the planned goals. Minor typographical errors may be corrected.

* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

Analysis

Using actual annual measurable outcome data, including data from the LCFF Evaluation Rubrics, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. *EC* identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. *EC* requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, *EC* Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

Instructions: The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, enter the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

School districts and county offices of education: Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Charter schools: Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

School districts and county offices of education: The LCAP is a three-year plan, which is reviewed and updated annually, as required.

Charter schools: The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

New, Modified, Unchanged

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

Goal

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

Related State and/or Local Priorities

List the state and/or local priorities addressed by the goal. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the LCFF Evaluation Rubrics, as applicable.

Expected Annual Measurable Outcomes

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

Planned Actions/Services

For each action/service, the LEA must complete either the section “For Actions/Services not included as contributing to meeting Increased or Improved Services Requirement” or the section “For Actions/Services included as contributing to meeting the Increased or Improved Services Requirement.” The LEA shall not complete both sections for a single action.

For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement

Students to be Served

The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by entering “All”, “Students with Disabilities”, or “Specific Student Group(s)”. If “Specific Student Group(s)” is entered, identify the specific student group(s) as appropriate.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must identify “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering “Specific Schools” and identifying the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:

Students to be Served

For any action/service contributing to the LEA’s overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see Demonstration of Increased or Improved Services for Unduplicated Students section, below), the LEA must identify the unduplicated student group(s) being served.

Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify the scope of service by indicating “LEA-wide”, “Schoolwide”, or “Limited to Unduplicated Student Group(s)”. The LEA must identify one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, enter “LEA-wide.”
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, enter “schoolwide”.
- If the action/service being funded and provided is limited to the unduplicated students identified in “Students to be Served”, enter “Limited to Unduplicated Student Group(s)”.

For charter schools and single-school school districts, “LEA-wide” and “Schoolwide” may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use “LEA-wide” to refer to all schools under the charter and use “Schoolwide” to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use “LEA-wide” or “Schoolwide” provided these terms are used in a consistent manner through the LCAP.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

New/Modified/Unchanged:

- Enter “New Action” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Enter “Modified Action” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Enter “Unchanged Action” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
 - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may enter “Unchanged Action” and leave the subsequent year columns blank rather than having to copy/paste the

action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

Note: The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

Charter schools may complete the LCAP to align with the term of the charter school's budget that is submitted to the school's authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the "Goals, Actions, and Services" section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *EC* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the "Demonstration of Increased or Improved Services for Unduplicated Students" table and enter the appropriate LCAP year. Using the copy of the section, complete the section as required for the current year LCAP. Retain all prior year sections for each of the three years within the LCAP.

Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to *California Code of Regulations*, Title 5 (5 *CCR*) Section 15496(a)(5).

Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Consistent with the requirements of 5 *CCR* Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address

how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.
- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

State Priorities

Priority 1: Basic Services addresses the degree to which:

- A. Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- B. Pupils in the school district have sufficient access to the standards-aligned instructional materials; and
- C. School facilities are maintained in good repair.

Priority 2: Implementation of State Standards addresses:

- A. The implementation of state board adopted academic content and performance standards for all students, which are:
 - a. English Language Arts – Common Core State Standards (CCSS) for English Language Arts
 - b. Mathematics – CCSS for Mathematics
 - c. English Language Development (ELD)
 - d. Career Technical Education
 - e. Health Education Content Standards
 - f. History-Social Science
 - g. Model School Library Standards
 - h. Physical Education Model Content Standards
 - i. Next Generation Science Standards
 - j. Visual and Performing Arts
 - k. World Language; and
- B. How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

Priority 3: Parental Involvement addresses:

- A. The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;
- B. How the school district will promote parental participation in programs for unduplicated pupils; and
- C. How the school district will promote parental participation in programs for individuals with exceptional needs.

Priority 4: Pupil Achievement as measured by all of the following, as applicable:

- A. Statewide assessments;
- B. The Academic Performance Index;
- C. The percentage of pupils who have successfully completed courses that satisfy University of California (UC) or California State University (CSU) entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;
- D. The percentage of English learner pupils who make progress toward English proficiency as measured by the California English Language Development Test (CELDT);
- E. The English learner reclassification rate;
- F. The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and
- G. The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness.

Priority 5: Pupil Engagement as measured by all of the following, as applicable:

- A. School attendance rates;
- B. Chronic absenteeism rates;
- C. Middle school dropout rates;
- D. High school dropout rates; and

E. High school graduation rates;

Priority 6: School Climate as measured by all of the following, as applicable:

- A. Pupil suspension rates;
- B. Pupil expulsion rates; and
- C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness.

Priority 7: Course Access addresses the extent to which pupils have access to and are enrolled in:

- A. S broad course of study including courses described under *EC* sections 51210 and 51220(a)-(i), as applicable;
- B. Programs and services developed and provided to unduplicated pupils; and
- C. Programs and services developed and provided to individuals with exceptional needs.

Priority 8: Pupil Outcomes addresses pupil outcomes, if available, for courses described under *EC* sections 51210 and 51220(a)-(i), as applicable.

Priority 9: Coordination of Instruction of Expelled Pupils (COE Only) addresses how the county superintendent of schools will coordinate instruction of expelled pupils.

Priority 10. Coordination of Services for Foster Youth (COE Only) addresses how the county superintendent of schools will coordinate services for foster children, including:

- A. Working with the county child welfare agency to minimize changes in school placement
- B. Providing education-related information to the county child welfare agency to assist in the delivery of services to foster children, including educational status and progress information that is required to be included in court reports;
- C. Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services; and
- D. Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.

Local Priorities address:

- A. Local priority goals; and
- B. Methods for measuring progress toward local goals.

APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *EC* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(b) “Middle School dropout rate” shall be calculated as set forth in 5 *CCR* Section 1039.1.

(c) “High school dropout rate” shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(d) “High school graduation rate” shall be calculated as follows:

- (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(e) “Suspension rate” shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(f) “Expulsion rate” shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

NOTE: Authority cited: Sections 42238.07 and 52064, *Education Code*. Sections 6312 and 6314.

APPENDIX B: GUIDING QUESTIONS

Guiding Questions: Annual Review and Analysis

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to *EC* Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Guiding Questions: Stakeholder Engagement

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *EC* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *EC* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *EC* Section 42238.01?

- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR Section 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Guiding Questions: Goals, Actions, and Services

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in *EC* Section 42238.01 and groups as defined in *EC* Section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in *EC* Section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *EC* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?
