

## LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Magnolia Science Academy-Bell

CDS Code: 19-64733-0122747

School Year: 2024-25

LEA contact information:

Suat Acar

Interim Principal

lbschlottman@magnoliapublicschools.org

(323) 826-3925

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

### Budget Overview for the 2024-25 School Year

#### Projected Revenue by Fund Source

This chart shows the total general purpose revenue Magnolia Science Academy-Bell expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Magnolia Science Academy-Bell is \$7,526,299, of which \$5,284,077 is Local Control Funding Formula (LCFF), \$1,552,266 is other state funds, \$357,337 is local funds, and \$332,619 is federal funds. Of the \$5,284,077 in LCFF Funds, \$1,392,115 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

# LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Magnolia Science Academy-Bell plans to spend for 2024-25. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Magnolia Science Academy-Bell plans to spend \$7,493,516.97 for the 2024-25 school year. Of that amount, \$7,493,516.97 is tied to actions/services in the LCAP and \$0 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

N/A

## Increased or Improved Services for High Needs Students in the LCAP for the 2024-25 School Year

In 2024-25, Magnolia Science Academy-Bell is projecting it will receive \$1,392,115 based on the enrollment of foster youth, English learner, and low-income students. Magnolia Science Academy-Bell must describe how it intends to increase or improve services for high needs students in the LCAP. Magnolia Science Academy-Bell plans to spend \$2,056,396.99 towards meeting this requirement, as described in the LCAP.

# LCFF Budget Overview for Parents

## Update on Increased or Improved Services for High Needs Students in 2023-24

This chart compares what Magnolia Science Academy-Bell budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Magnolia Science Academy-Bell estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2023-24, Magnolia Science Academy-Bell's LCAP budgeted \$1,453,794.84 for planned actions to increase or improve services for high needs students. Magnolia Science Academy-Bell actually spent \$1,444,730.18 for actions to increase or improve services for high needs students in 2023-24.

The difference between the budgeted and actual expenditures of \$-9,064.660,000,000,149 had the following impact on Magnolia Science Academy-Bell's ability to increase or improve services for high needs students:

Even though, the total actual expenditures for actions and services to increase or improve services for high needs students in 2023-24 is less than the total budgeted expenditures for those planned actions and services, the difference did not impact the actions and services and the overall increased or improved services for high needs students in 2023-24. For those actions and services, Magnolia Science Academy 8 used applicable (if not all) state, federal, and local funds including, but not limited to CIF, Lottery - Non-Prop 2, EPA, ELOP (Expanded Learning Opportunities Program), Title I, ESSER III, ESSER III - Learning Loss, ELO - Learning Loss, ESSER III Summer Grant, Title II, Title IV - Part A, Title III - LEP, ARP HCY II, ASES, Educator Effectiveness Block Grant, California Community Schools Partnership, AB 602, Arts & Music Block Grant, Community Engagement Initiative Grant, A-G Access/Success Grant, A-G Learning Loss Mitigation Grant, MTSS, and Fundraising.

## 2023–24 Local Control and Accountability Plan Annual Update

The instructions for completing the 2023–24 Local Control and Accountability Plan (LCAP) Annual Update follow the template.

# Goals and Actions

## Goal

Goal #	Description
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive basic services that are fundamental to academic success, including fully credentialed teachers, standards-aligned instructional materials, and appropriately maintained school facilities.

## Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Number of misassignments of teachers of English learners, total teacher misassignments, and vacant teacher positions (Source: Local Indicator Priority 1)	2020-21: 0	2021-22: 0	2022-23: 0	2023-24: 1	2023-24: 0
Percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home (Source: Local Indicator Priority 1)	2020-21: 0%	2021-22: 0%	2022-23: 0%	2023-24: 0%	2023-24: 0%
Number of identified instances where facilities do not meet the “good repair”	2020-21: 0	2021-22: 0	2022-23: 0	2023-24: 0	2022-23: 0

Teacher attendance rate (Source: HRIS)	2020-21: (As of 3/25/21) 98.0%	2021-22: (As of 5/12/22) 95.8%	2022-23: (As of 5/12/23) 94.5%	2023-24: (As of 12/15/23) 95.0%	2023-24: 97.0%

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 1 Action 1: No substantive difference, teacher assignments and hiring process was similar to baseline year. Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resource Information System (HRIS) to automate employee documentation.

MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, live scan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay.

Goal 1 Action 2: There was a substantial difference for Goal 1 Actions 2 because we purchase new technology to ensure that all students had a Chromebook at home to access their online curriculum and Google Classroom assignments. In the past, students used to take a Chromebook home and bring to school daily but this year we implemented a new system that allowed for Chromebook to stay home, this decreased the number of Chromebook that were damaged and increased student access to their instructional materials. All were in compliance for the current academic year. Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs.

Goal 1 Action 3: No substantive difference. Cleaning Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school.

Goal 1 Action 4: No substantive difference. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter school continues to use LAUSD LA Cafe's services and pays directly for their services.

Goal 1 Action 5: There was a substantive difference because we had an increase of legal fees and WASC accreditation fees. The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 1 Action 1

Budgeted: \$21,200

Actual: \$21,200

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 1 Action 2

Budgeted: \$652,145

Actual: \$652,145

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 1 Action 3

Budgeted: \$610,163

Actual: \$640,163

Explanation: The projected expenses are \$30k more than the budgeted amount. However, the discrepancy for this action Goal 1 Action 3 is not significant as it is less than 10% of the budgeted amount.

Goal 1 Action 4

Budgeted: \$60,000

Actual: \$60,000

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 1 Action 5

Budgeted: \$943,178

Actual: \$960,099

Explanation: The projected expenses are around \$17k more than the budgeted amount. However, the discrepancy for this action Goal 1 Action 5 is not significant as it is less than 10% of the budgeted amount.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

All courses have an assigned staff with proper credentials/permits": This implies that every course in the school has a designated staff member who possesses the necessary qualifications and permits to teach that particular subject. It ensures that the teachers are appropriately qualified to deliver the content and meet the educational standards required for each course.

This year the school purchased CCSS aligned History curriculum with online access and fully adopted the McGraw Hill Math and Study Sync Curriculum for English: This indicates that the school has made specific curriculum choices for History, Math, and English subjects. The History curriculum aligns with the Common Core State Standards (CCSS), which provide a set of learning objectives for each grade level to ensure consistency and quality in education. Additionally, the school has adopted the McGraw Hill Math and Study Sync Curriculum for Math and English, respectively. These curricula are widely recognized and used in many educational institutions.

There were several vacancies, 2 History vacancies (grades 6 & 7) until September and October respectively, Math (6 ) was vacant from October 2023 until January 2024. Math 7 was filled in August and vacant in December and filled in January. The Science 6 was vacant in October and filled until December 2023. Fortunately, we were able to fill the vacancy in February 2024. Finally, our Science 7 position was vacant at the onset of the academic year and was filled with a permanent sub and we were able to secure a credentialed teacher in January 2024.

All positions were fully staffed as of January 2024. This implies that the vacancies in the Math, Science and History departments were successfully filled, and the school had a complete staff in place.

We did have a moderate number (30) of students absent this school year due to COVID or COVID-like symptoms: This highlights the impact of the COVID-19 on the school. In stark contrast to the previous school year, there were a significantly a smaller number of teachers who were absent due to COVID-19 or symptoms similar to those of COVID-19.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

During the 2023 school year, Magnolia had a significantly lower number of teaching staff who held permits. This suggests that some teachers may have been in the process of obtaining their full credentials or permits, indicating that they were still completing the necessary requirements to become fully qualified teachers. However, in the 2023-2024 school year, the number of staff members on permits was reduced. This implies that more teachers had obtained their full credentials, indicating an increase in the number of fully qualified teachers at Magnolia.

An example mentioned is the Math(6), Science (7) and History (6&7) which was filled by a fully credentialed teacher. This means that the school was able to secure a qualified teacher with the appropriate credentials to teach Spanish. Hiring fully credentialed teachers ensures that students receive instruction from educators who have met the required standards and possess the necessary qualifications in their subject areas.

To ensure that all teachers meet the necessary qualifications, Magnolia continues to work alongside a credential specialist from the Los Angeles County Office of Education (LACOE). This specialist assists in reviewing the qualifications of the teaching staff, ensuring that they meet the required standards and possess the necessary credentials. This collaborative effort with the LACOE credential specialist demonstrates the school's commitment to maintaining a high level of teacher qualifications and providing support to ensure that teachers successfully complete any new teacher programs or requirements.

By reviewing staff qualifications and providing the necessary support, Magnolia aims to ensure that their teaching staff is well-prepared and equipped to meet the educational needs of their students. This commitment to ongoing professional development and compliance with credential requirements ultimately contributes to the overall quality of education at the school.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Goals and Actions

## Goal

Goal #	Description
2	EXCELLENCE: All students will have equitable access to a high-quality core curricular and instructional program and make academic progress on the California Content Standards. Students will pursue academic excellence and be college/career ready.

## Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24

# Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Charter School desires that all our students pursue academic excellence and be college/career ready. Effective core curriculum and instruction are central to academic success. Therefore, Charter School will ensure that all students, including but not limited to, ELs, students with disabilities, socioeconomically disadvantaged/low-income students, and students achieving below grade level, have access to a high-quality core curricular and instructional program with appropriate services and support. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will also provide professional development to staff to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Charter School will implement the actions listed under this goal and use the indicated metrics, such as CAASPP assessment results, to measure progress in achievement of academic excellence and college/career readiness.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

## Goal 2 Action 1

Budgeted: \$1,224,917

Actual: \$1,284,059

Explanation: The projected expenses are around \$60k more than the budgeted amount. However, the discrepancy for this action Goal 2 Action 1 is not significant as it is less than 10% of the budgeted amount.

## Goal 2 Action 2

Budgeted: \$49,000

Actual: \$77,500

Explanation: This action relates to professional development for quality instruction in the school. Initially, the school budgeted \$49,000 for professional development, tuition reimbursement, and PD requiring travel and lodging. However, due to the increased number of teachers who are new to the profession and their needs, the projected actual is around \$28k more than the budgeted amount.

## Goal 2 Action 3

Budgeted: \$833,064

Actual: \$798,318

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 2 Action 4

Budgeted: \$106,923

Actual: \$106,923

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 2 Action 5

Budgeted: \$858,637

Actual: \$858,637

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

ATSI: The students with special needs have equitable access to all of the resources at our school; as a result, resource inequities for the students with special needs do not occur.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Goal 2 (Action 4 and 5) of the school was to support student growth, particularly in English Language Development (ELD) and Special Education (SPED). The actions taken to achieve this goal have been successful, as evidenced by the positive outcomes observed. One of the key factors contributing to the success was the effectiveness of the ELD Coordinator, who was well-equipped to support the students. This coordinator played a crucial role in implementing strategies and providing guidance to students who were learning English as an additional language.

Their expertise and support contributed significantly to the growth of these students. To improve efforts an ELD Paraprofessional was hired this year as additional support. As a result of the coordinated efforts, there were 6 students which were reclassified during the year. This means that these students, who were previously identified as English language learners, have made significant progress in their language proficiency and academic skills. 2023-24 Local Control and Accountability Plan for Magnolia Science Academy-Bell Page 40 of 62 Out of the 6 students reclassified students.

This demonstrates the effectiveness of the ELD program, and the support provided to these students. Furthermore, the growth and progress of students in the SPED program were also notable. While specific data is not provided, it is mentioned that the SPED students showed growth in their academics. This indicates that the interventions, support, and accommodations provided to students with special needs have been effective in improving their learning outcomes. To further assess and measure the progress made by students, the school is awaiting MAP data. The MAP (Measures of Academic Progress) assessment is a widely used tool that measures students' academic growth over time. By analyzing this data, the school will be able to evaluate the overall impact of the implemented strategies and interventions on student achievement. The successful reclassification of ELD students and the observed growth in SPED students' academics indicate that the actions taken to support student growth have yielded positive outcomes. These achievements are a testament to the dedicated efforts of the ELD Coordinator, the school staff, and the support systems in place to meet the unique needs of students in ELD and SPED programs.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

This year, one of the most significant changes implemented in the school is the increased interventions provided to students. The restructuring of the Interventions for ELD and SWD was significant. The implementation of prescriptive intervention supports for our students was designed to identify students with the greatest potential to show growth, we isolated the students and provided intentional interventions by inviting the students to Saturday School, Intervention Tutorial during Office Hours with our Ed Specialist as well as the ELD Coordinator and ELD Para-Professional provided additional supports during their specified Office Hours. The sessions were held from February until June which provided small groups with writing tasks, simulated testing and feedback from credentialed teachers.

By providing more intervention sessions, the ELD coordinator, Ed Specialists Coordinator and the team of ED Specialists in concert with the credentialed teachers were able to enhance their knowledge and skills in supporting English language learners effectively as well as our SWD. The interventions translated into improved instruction and strategies for the students, enabling them to make greater progress in their language acquisition and academic development.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Goals and Actions

## Goal

Goal #	Description
3	INNOVATION: All students will have access to a well-rounded education that supports their readiness for college and the global world. Each student will become an independent, innovative scholar by practicing creativity in learning and using technology in transformative ways.

## Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Student data was reviewed consistently for proper recommendation for accelerated math pathways. All new students were tested with the OLSAT GATE test to identify eligible students with gifted capabilities. All Advisory classes were issued a University name and held monthly assemblies bringing to our school a culture of college and career paths. The offering of Kickboard points was a welcomed incentive program for students to earn points for prizes earned by following the PBIS playbook. Elective offerings were expanded with the implementation of Paxton Patterson Laboratories enhancing our school wide STEAM focused programs. Our after-school program and club offerings expanded with Art Land, Culture Club, E-Sports, Mixed Sports, Nintendo, Trivia Pursuit, and Mind Craft. A highlight this year was the students versus faculty basketball game. The after-school program allows students extended hours after school for enrichment opportunities and creativity. Our PE department coordinated end of year physical activity competitions school wide with our neighboring schools

Goal 3 Action 1  
 Budgeted: \$0  
 Actual: \$0  
 Explanation: N/A

Goal 3 Action 2  
 Budgeted: \$1,001  
 Actual: \$1,001

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

#### Goal 3 Action 3

Budgeted: \$8,720

Actual: \$8,720

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

#### Goal 3 Action 4

Budgeted: \$368,999

Actual: \$368,999

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

#### Goal 3 Action 5

Budgeted: \$847,038

Actual: \$873,532

Explanation: The projected expenses are around \$28.5k more than the budgeted amount. However, the discrepancy for this action Goal 3 Action 5 is not significant as it is less than 10% of the budgeted amount.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The introduction of the STEAM (Science, Technology, Engineering, Arts, and Mathematics) lab has proven to be a tremendous success for the school. The STEAM lab provides a dedicated space for students to engage in hands-on, project-based learning that integrates multiple 2023-24 Local Control and Accountability Plan for Magnolia Science Academy-Bell Page 48 of 107 disciplines. This immersive learning environment has had a profound impact on the quality of STEAM projects produced by students throughout the year.

With the establishment of the STEAM lab, students have been able to explore and apply their knowledge and skills in a collaborative and innovative setting. This has resulted in an evident increase in the quality of the projects produced. Students have been able to experiment, design, and create using a wide range of tools, technologies, and materials available in the lab. The integration of arts and creativity into the STEM disciplines has further enhanced the students' problem-solving abilities, critical thinking skills, and overall engagement in the learning process.

The recognition of the school's STEAM projects is exemplified by the achievements in the MPS (Magnolia Public School) STEAM Expo. STEAM Expo 2024 MSA- Bell had 4 Winners in 4 different categories, and our very own STEAM Teacher was named STEAM Educator of the year. 1st Place in the Earth Science and Chemistry category. 2nd place in the Engineering and Robotics category and 3rd place in the Physics and Physical Sciences. We had more than 30 student entries in this prestigious event, and the honor of 4 winners is a testament to

the dedication and hard work of both the students and the educators involved. These accolades not only showcase the students' talents and abilities but also demonstrate the effectiveness of the school's STEAM program and its commitment to providing high-quality educational experiences.

As a result of these accomplishments, the school has observed an increase in enrollment numbers. We hosted 3 open houses during the Spring which provided an opportunity to boast about the high-quality STEAM programs and the success of students in various competitions that has spread among parents and the community. This positive reputation has attracted more parents to choose the school for their children's education. The growing enrollment numbers are a clear indication that the school's commitment to offering high-quality programs is being recognized and valued by parents who seek the best educational opportunities for their children.

Overall, the introduction of the STEAM lab, the expectation of all students to participate in the MSA-Bell school wide STEAM Fair has increased quality of STEAM projects, and the success in competitions have not only enriched the educational experiences of students but also contributed to the school's reputation as a provider of exceptional programs. These achievements have undoubtedly played a significant role in the increasing enrollment numbers, as parents recognize and appreciate the high standard of education offered by the school.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The school has identified a couple of specific areas for improvement and goals to focus on. One objective is to establish a uniform number of field trips by grade level. This year, 6th grade attended field trips to the LA Zoo, CSULB with special offerings to attend Pali Institute ( Spring Break), Disney CA Adventures ( Honors ART Institute) and the STEAM Expo. Our 7th grade students attended Medieval Times Dinner & Tournament, with special offerings to Pali Institute ( Spring Break), Disney CA Adventures ( Honors ART Institute) and the STEAM Expo and all SRLA events. Our 8th grade students attended USC, The Autry Museum , Pali Institute ( Spring Break), Disney CA Adventures ( Honors ART Institute), the STEAM Expo and all SRLA events. This means that the school aims to provide an equal and consistent number of field trips for students across different grade levels. By implementing this change, the school intends to ensure that all students have equitable opportunities to participate in enriching and educational experiences outside of the classroom. Field trips offer students the chance to apply their learning in real-world contexts, explore new environments, and foster a deeper understanding of various subjects.

Another goal is to increase student satisfaction rates. The school recognizes the importance of student feedback and aims to enhance the overall experience for students. By actively seeking and considering student perspectives, the school can identify areas for improvement, implement necessary changes, and ensure that students feel valued, supported, and engaged in their educational journey. Higher student 2023-24 Local Control and Accountability Plan for Magnolia Science Academy-Bell Page 49 of 107 satisfaction rates indicate that students are more content, motivated, and invested in their learning, which can contribute to improved academic performance and overall well-being. To increase student voice and engagement in the community. These coordinators play critical roles in facilitating student involvement and fostering connections between the school and the broader community. By strengthening the capacity of these positions, the school aims to provide more opportunities for students to actively participate in community initiatives, share their perspectives, and contribute to decision-

making processes. This initiative promotes student empowerment, leadership development, and a sense of belonging, ultimately enhancing student engagement and the positive impact students can have within their community.

This year our school met the goal to enhance the capacity of the community school coordinator and student ambassador coordinator. We implemented the student ambassadors and invited students and parents to attend the Community Engagement Initiative panels and conferences. The concerted efforts to implement our student's voices the coordinator held regularly scheduled meetings, where the students collaborated to develop student centered activities and concerns. The outcome was high spirited weeks of activities and recognition of students and accolades and active investigations of student concerns to resolve issues occurring.

By focusing on these goals, the school demonstrates its commitment to providing well-rounded educational experiences and prioritizing student satisfaction and engagement. The uniform number of field trips aims to ensure equal access to enriching experiences, while increasing student satisfaction rates and promoting student voice and engagement nurtures a supportive and empowering learning environment. These efforts contribute to the overall success and growth of the school community.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Goals and Actions

## Goal

Goal #	Description
4	CONNECTION: All students, families, staff, and other stakeholders will have access to meaningful engagement opportunities that help cultivate leadership, advocacy, and collaboration in a safe and nurturing environment. Stakeholders will feel a sense of community and connectedness.

## Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Number of School Site Council (SSC) meetings per year (Source: Local Indicator Priority 3)	2020-21: (As of 5/16/21) 7	2021-22: (As of 5/13/22) 4	This metric is not applicable because SSC has been replaced with PAC. ## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 4 Action 1: Planned Actions - parent meeting expenses and Document Tracking Services (DTS) fees. Actual Implementation of Actions

- DTS fees paid through Home Office budget.

Goal 4 Action 2: Planned Actions - Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits. Actual Implementation of Actions –

All planned actions were implemented, Home Visits were conducted exceeded our original goal of 20% of our student population. 23% of our students received a Home Visit this year, which surpassed the 13% of last year’s home visits. This is attributed to the efforts of the MTSS Team Lead by providing PD for staff and modeling the expectation for the staff. There was a combination of both virtual Home Visit as well as face-to-face Home Visits.

Goal 4 Action 3: Planned Actions - Office/attendance clerk salaries and benefits, school uniform fees, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students. Actual Implementation of Actions - All planned actions were implemented. Additional SEL PD for staff and SEL programs for students were added throughout the year 2023-24 Local Control and Accountability Plan for Magnolia Science Academy-Bell Page 58 of 107 to address the high level of needs exhibited by students upon their return to in-person learning. All students received one free set of school uniforms at the start of the school yea

Goal 4 Action 4: Planned Actions - Panorama Education survey fees. Actual Implementation of Actions - All planned actions were implemented. 94.4 % of families 99.7 % of students, and 100 % of staff members completed the Educational Partner survey in Spring 2024. Our school received an approval rating of 96% by families, 72% by students, and 84% by staff.

Goal 4 Action 5: Planned Actions - membership fees (CCSA, WASC, etc.), Actual Implementation of Actions - All planned actions were implemented. Additional funding was allocated to marketing, branding, outreach, and partnership expenses to assist us with enrollment needs due to students moving out of state and participation in applying for the Community Schools Planning Grant which we received.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 4 Action 1

Budgeted: \$0

Actual: \$0

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 4 Action 2

Actual: \$218,097

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The school has made notable progress in increasing parent engagement, as evidenced by the increased participation in the educational partner surveys, attendance at PAC, Coffee with the Administrators, Parent participation in the Community Engagement Initiative. Educational partner surveys serve as an important tool for gathering feedback and insights from parents, allowing them to contribute their perspectives and opinions regarding their child's education and overall school experience. The fact that more parents are actively participating in these surveys indicates a growing engagement and interest in being involved in their child's education. Moreover, the increase in home visit numbers further demonstrates the school's commitment to fostering strong connections with parents and families. Home visits provide an opportunity for teachers or school staff to visit students' homes, creating a more personal and inclusive relationship with families. These visits facilitate open communication, strengthen the home-school partnership, and enable educators to gain a deeper understanding of students' backgrounds and contexts. By actively seeking feedback through surveys and conducting home visits, the school has gained valuable insights into areas that require attention and improvement. The survey results have likely highlighted specific areas of focus where the school can make necessary adjustments and enhancements. This information allows school leadership to identify areas of strength and areas that need improvement, enabling them to implement targeted strategies and initiatives for school improvement. The commitment to receiving meaningful feedback demonstrates the school's dedication to continuous growth and enhancement, ensuring that the education provided aligns with the needs and expectations of students and their families.

Overall, the positive trend in parent engagement attending the CEI has increased participation in school events, candid conversations surrounding campus issues and overall improved relationships with our parents. Reflected through increased survey participation and home visits, has supported the school's efforts to gather meaningful feedback and improve various aspects of the educational experience. This collaborative approach between the school and parents enhances communication, fosters a sense of shared responsibility, and ultimately leads to a stronger and more inclusive school community.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

While there may not be any changes to the overall goal of the school, there is a clear focus on investing additional resources in community engagement efforts and improving the school's culture. These initiatives demonstrate a proactive approach to strengthening relationships with the community and enhancing the overall school environment.

By investing more resources in community engagement, the school is acknowledging the importance of building strong connections with the surrounding community. This may offer opportunities for community members to actively participate in the school's activities. Such efforts can foster a sense of belonging and collaboration, establishing the school as an integral part of the wider community. Increased community engagement can lead to valuable partnerships, additional resources, and a shared commitment to the success of the school and its students.

Working on improving the school's culture reflects a commitment to creating a positive and inclusive learning environment. A healthy school culture nurtures positive relationships, promotes respect and understanding, and values the diverse backgrounds and perspectives of students, staff, and families. This may involve implementing programs to address social-emotional learning, promoting diversity and inclusion, or providing professional development opportunities for staff members to cultivate a positive school climate. By prioritizing the school's culture, students and staff can thrive in an environment that supports their well-being, encourages growth, and enhances the overall educational experience.

Overall, the decision to invest more resources in community engagement and improve the school's culture demonstrates a proactive and forward-thinking approach. These initiatives can have a significant impact on the overall success of the school, fostering stronger community ties, enhancing student experiences, and creating a positive and inclusive environment where everyone feels valued and supported. By continuously striving to improve community engagement and school culture, the school is taking important steps towards achieving its goals and ensuring a high-quality educational experience for all partners involved.

#### Metric:

- Copy and paste verbatim from the 2023–24 LCAP.

#### Baseline:

- Copy and paste verbatim from the 2023–24 LCAP.

#### Year 1 Outcome:

- Copy and paste verbatim from the 2023–24 LCAP.

#### Year 2 Outcome:

- Copy and paste verbatim from the 2023–24 LCAP.

#### Year 3 Outcome:

- When completing the 2023–24 LCAP Annual Update, enter the most recent data available. Indicate the school year to which the data applies.

#### Desired Outcome for 2023–24:

- Copy and paste verbatim from the 2023–24 LCAP.

Timeline for completing the “Measuring and Reporting Results” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Copy and paste verbatim from the 2023–24 LCAP.	Copy and paste verbatim from the 2023–24 LCAP.	Copy and paste verbatim from the 2023–24 LCAP.	Copy and paste verbatim from the 2023–24 LCAP.	Enter information in this box when completing the 2023–24 LCAP Annual Update.	Copy and paste verbatim from the 2023–24 LCAP.

### Goal Analysis

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

A description of any substantive differences in planned actions and actual implementation of these actions.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

- Describe the effectiveness or ineffectiveness of the specific actions in making progress toward the goal during the three-year LCAP cycle. “Effectiveness” means the degree to which the actions were successful in producing the desired result and “ineffectiveness” means that the actions did not produce any significant or desired result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

California Department of Education  
November 2023

# Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Magnolia Science Academy-Bell	Suat Acar Interim Principal	sacar@magnoliapublicschools.org (323) 826-3925

## Plan Summary [2024-25]

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Magnolia Science Academy-Bell (MSA-Bell) is a classroom-based charter school serving grades 6th-8th with a curriculum emphasis on science, technology, engineering, arts, and math (STEAM). MSA- Bell is located in the city of Bell (90201) and serves around 400 students in grades 6–8, with classes that average 30 or fewer students. Originally founded in 2010—and here requesting a third five-year charter term—MSA-Bell’s mission is to provide a college preparatory educational program emphasizing STEAM in a safe environment that cultivates respect for self and others. We offer a comprehensive learning experience designed to serve the needs of our students through effective site-based instruction, rich hands-on learning, and foundation skills presented in ways that are relevant and inspiring for our students. Classroom instruction at MSA-Bell is supplemented by tutoring, after-school programs, and school-to-university links.

Our mission is to provide a college preparatory educational program emphasizing STEAM in a safe environment that cultivates respect for self and others. Graduates of Magnolia Public Schools are scientific thinkers who contribute to the global community as socially responsible and educated members of society.

MSA Bell currently has about 400 students in grades 6th-8th, and mainly draws enrollment from the neighboring communities of the southeast Los Angeles area. MSA Bell has a diverse student population of 90.45% Hispanic/Latino and 7.95% White (Arabic), 84.5% socioeconomically disadvantaged, 10.2% special education, and 12.5% English language learner population.

Magnolia Science Academy 8  
 Address: 6411 Orchard Ave., Bell, CA, 90201  
 Phone: 323-826-3925  
 Email: [sacar@magnoliapublicschools.org](mailto:sacar@magnoliapublicschools.org)

## Our Mission

Magnolia Public Schools provides a college preparatory educational program emphasizing science, technology, engineering, and math (STEAM) in a safe environment that cultivates respect for self and others.

## Our Vision

Graduates of Magnolia Public Schools are scientific thinkers who contribute to the global community as socially responsible and educated members of society.

## INNOVATION

Students have the freedom to choose how and what they learn. Individualized scheduling, early identification of learning styles, personalities, interest, and career plans support students' college and career readiness. Students experience hands-on learning through robotics, computer science, and arts to promote imagination, creativity, and invention.

## CONNECTION

School communities are integrated partnerships among the school site staff, families, students, and all other stakeholders. Connection creates a safe place for all learners and stakeholders to affirm individual strengths, celebrate character, provide academic support through mentorship and internships, promote unity and better decision making through the implementation of restorative justice practices.

## EXCELLENCE

Academic Excellence is the desire to pursue knowledge and excellence and to contribute original and provocative ideas in a learning environment, in diverse settings, and as a catalyst to future academic knowledge. We foster academic excellence through project-based learning using a constructivist approach, student portfolios, assessments of and for learning and academic discourse and argumentative writing.

## Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

### SUCSESSES

MSA Bell's 2022 California School Dashboard report on the school's performance in ELA and Math indicate that the school has earned a Status level of "Low" for All Students, which is the same as the state's Status level. The report shows an average Distance from Standard (DFS) of -24.4 in ELA and -79.3 in Math for the All Students groups, which is higher than the State average DFS of -12.2 in ELA and -51.7 in Math.

The school has 5 numerically significant student groups (Latino, English Learners, Socioeconomically Disadvantaged, Students with Disabilities, and White). The majority of numerically significant student groups have a DFS higher than the State's average DFS in ELA and Math (English Learners, Students with Disabilities, and White).

## Strengths

MSA Bell's main success in ELA and MATH was the ability to maintain the 2019 SBAC Performance Level. Another major success was being able to maintain scores that are comparable to the state. In ELA, Latino students outperformed the state by 14.5%. In addition, our ELD department had the greatest success with a status of "High" and a performance level that is above the state in comparison. Another major success was being able to maintain scores that are comparable to the state in MATH.

The greatest success was seen in our Socioeconomically Disadvantaged Population's outperformance over the state by 5.1%. In addition, Latino students nearly equaled the state in Math Achievement. MSA Bell's highlighted success from the 2021-2022 school year was our ELPI score. We had previously set our goal at 55% for the school year and were proud when we saw a status of 55.3% for English Language Progress. Much of the success was due to our school having a dedicated ELD Coordinator that offers both support in the classroom as well as providing ELD classes that focus on differentiated instruction for scaffolding multiple levels of English language learners. In addition, MSA Bell secured three paraprofessionals to aid and tutor EL students during and after school. Although we did have an ELPI score of "High", MSA Bell will continue to implement programs that have embedded support for both teachers and students when it comes to focusing on English language development as a whole school program and curriculum. In addition to implementing McGraw Hill for Social Studies and Science, we have also implemented StudySync for the CORE ELA classes and continue to utilize iXL, MyOn, and AR to support Reading and English language development. MSA Bell attributes the SBAC Prep Program as a major contributor to student success on the SBAC in ELA and Math. In addition, the implementation of iXL and StudySync as part of the daily curriculum has been designed to lower the achievement gaps, address learning loss, and act as interventions and differentiation for student groups and special populations.

## CHALLENGES

MSA Bells 21-22 data results reflect an equal comparison to the previous years SBAC results (2018-19) and reflect an equal comparison to the state. All students performed in the "Low" category, with a critical focus on EL and SPED populations. There is much room for growth and improvement of systems. Incorporate more resources into the curriculum, such as McGraw Hill and Studysync. Continue using IXL in ELA during CORE time. IXL will continue for 20 minutes per day in both ELA and MATH, in addition to Science. We will also pilot IXL Social Studies with the 7th grade. Continue interventions during Advisory, SDL, Saturday School, and the after-school program. Continue data informed instruction using IAB's and Pre / Post data analysis throughout the school year. Continue the program from the previous year, adding sections for special populations on the post data analysis forms. All ELA and Math teachers will take the IAB's during Department Meeting time. MyOn was used 3 times throughout the year in order to show growth results and to set goals for the AR program. We will shift our daily reading to the end of the day to ensure that our students' tardiness or morning responsibilities (counseling, social talk club, etc..) do not interfere with at least 30 minutes of reading per day. CORE ELA and Math teachers will begin SBAC Prep by the third week of January. SBAC Prep will consist of daily warm-ups AND exit-tickets utilizing officially released SBAC questions from the available ICA's, IAB's and Focused IAB's. The goal is to expose all of the students to all of the relevant test questions and vocabulary by the end of April.

Weekly fail reports and interventions provide all teachers and staff with the information necessary to implement individualized plans for student success. Tier 1 interventions in the classroom, in addition to the after school program and Saturday school program continually provided support for all students and minimize student failures. Tutoring and Interventions will be offered every day after school with the focus on student growth and mastery. After school tutoring will focus on students who are nearly meeting the standards based on IAB data from 1st semester and NWEA Winter MAP Growth.

## Opportunities

1. Chronic Absences are at 5% and increased by 1.8%. In comparison with the state, all students increased by 1.1 points, 10.1% chronically absent.
  2. Suspension rate 1.4% increased by 1.4%. The rate is lower than the state rate of 3.4%
- ATSI: Students with Disabilities (SWD) for ATSI for both ELA and Math indicators and Chronic Absenteeism.

## Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

### Differentiated Assistance (DA):

Magnolia Science Academy Bell is eligible for DA for the EL student group performance on the 2023 Dashboard and EL and SWD student groups' performance on the 2022 Dashboard. The state indicators that need improvement are ELA, math, and chronic absenteeism.

Here are the eligibility criteria for Magnolia Science Academy Bell;

CAASPP - ELA and Math  
(ELs)  
(SWD)

Chronic Absenteeism  
(ELs)  
(SWD)

Local Data that support the eligibility for the Magnolia Science Academy Bell;

ELA ELLs - 109.8 below standard - Declined 19.3 points  
SWDs - 134.4 below standard - Declined 15 points

Math - SWDs- 156.9 below standard - Maintained 2.2  
ELLs - 140.6 below standard - Increased 3 points

Chronic Absenteeism  
ELL - 31.8% - Increased 4.7%  
SWD - 36.1% - Declined 2.8%

Differentiated Assistance Collaborative Team:

As soon as the 2 subgroups met the criteria for the Differentiated Assistance (DA), Magnolia Science Academy Bell formed a group of educators working collaboratively with the Los Angeles County Office of Education (LACOE) for Differentiated Assistance (DA). The group includes the school's academic leadership team including the ELD and SPED coordinators in addition to Magnolia Public Schools (MPS) Chief Academic Officer, MPS Chief Accountability Officer, MPS Director of State and Federal Programs, MPS Director of Student Services, and MPS Director of EL and ELA programs. As the first step, the group attended the LACOE's Charter DA symposium on Feb 6, 2023. Additionally, the group met many times with the DA support providers from the Los Angeles County Office of Education (LACOE) and worked on the plan for improvement of those areas.

During the academic year 2023-24, at the beginning of second semester, Los Angeles County Office of Education (LACOE) started to work jointly with Magnolia Science Academy Bell in affirming and/or supporting Focus Areas of work that:

- Builds capacity through professional expertise and local decision-making
- Fosters systemic collaboration
- Builds a culture of co-learning and reflective inquiry
- Promotes a climate of candor, evidence, and urgency to take action
- Results in improved student outcomes and leads to sustainable change

One of the activities that the team conducted was the Root-cause analysis.

The outcomes of Root-cause Analysis;

The Differentiated Assistance team met many times to further discuss the 2 subgroups and conducted root-cause analyses for improvement; Per the overall interpretation, the team found out that the following as the roots for the shortcomings;

- teacher turnover and unfilled positions in ELA and Math as well as 7th grade SPED case manager
- ineffective math curriculum not meeting the rigor of standards
- teachers do not have a foundational understanding of how to read and analyze student data

ADDITIONAL TARGETED SUPPORT AND IMPROVEMENT (ATSI):

Per the outcomes of Dashboard 2022 and 2023, Magnolia Science Academy 8 is eligible for Additional Targeted Support and Improvement (ATSI). The school's English Learners (EL) met the Criterion #3 for the last 2 years 2022 and 2023. Here are the details;

Criterion #3

2022 Dashboard Criteria:

Five or more indicators where the majority are at the Lowest Status Level. (CAASPP ELA, math, and suspension)

2023 Dashboard Criteria:

Five or more indicators where the majority are Red. (CAASPP ELA, ELPI, and Chronic Absenteeism)

## Action Steps:

The group has been working on PDSA (PLAN - DO - STUDY - ACT) model as it is a structured, iterative problem-solving method that the school educators can use to improve learning and processes: Here is a sample that the group used for the high suspension rate:

## Plan for Change:

Exactly what will implementation of this change idea look like? (who will do what, in what setting, by when?)

1. Asst. Prin. collects baseline observations in 20% of classrooms (before upcoming faculty meeting) and
2. analyzes discipline referral data (pre)
3. Principal: administer baseline survey item during faculty mtg, provide training, have teachers state/identify classroom expectations
4. Teachers: post expectations and focus on positive feedback for students (within one week of faculty meeting)
5. Asst Prin. provides weekly nonevaluative observation feedback to 100% of teachers until following faculty meeting
6. Principal: re-administer frustration survey item at next faculty meeting
7. Asst principal analyzes discipline referral data (post)
8. Administer anonymous survey

## Measures / Evidence:

What information will we collect and how will we collect it?

1. Asst. principal computes total positive/negative interaction ratio for each ten min observation (baseline) and
2. Asst. principal analyzes discipline referral data for three weeks before faculty mtg (avg. #/day)
3. Staff meeting agenda, baseline survey data (likert scale 1-7)
4. Principal walkthrough data - all classrooms one week after meeting (% of classrooms w/expectations posted)
5. Same process as step one, but asst. prin. shares data with teachers in a follow-up email by end of day
6. Follow-up survey data ((likert scale 1-7)), discipline referrals (Avg./day across three weeks before first faculty meeting (pre), compared to avg. across five days before second faculty meeting (post))
7. Asst. principal analyzes discipline referral data for 5 days before second faculty meeting (avg. #/day)
8. Asst. principal administers informal, anonymous survey to all teachers to gather qualitative feedback on process"

## Do:

What happened? Data / Results

1. Average pos/neg interaction ratio across eight classrooms is 2.3 / 4.1
2. Average discipline referrals per day for three weeks before meeting is 1.6
3. Training was provided, 92% of teachers attended. Average frustration rating on survey 5.1 / 7. Principal followed up with those absent.
4. 100% of classrooms had expectations posted one week after training
5. Across three weeks of follow-up observations, average pos/neg interaction ratio across 100% of classrooms is 6.7 / 4.8
6. Follow-up (post) frustration rating survey 3.6 / 7.
7. Average discipline referrals per day for one week before second faculty meeting is .7

8. Qualitative survey data indicate that many teachers found the frequent observations disruptive but most valued the nonevaluative, timely feedback. Several teachers reported an improved climate in their classrooms.

Study / Act: What did we learn? What will we do next? (completed after implementation)

- Gather feedback from teaches on less intrusive data collection methods - maybe select a peer to gather data? (need to conduct inter-observer agreement trials)

Similar models will be used for the CAASPP ELA, math, and Chronic Absenteeism as they are the criteria the school met for the Differentiated Assistance (DA) as well as ATSI.

## Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

### ***Schools Identified***

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A

### ***Support for Identified Schools***

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

### ***Monitoring and Evaluating Effectiveness***

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

# Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parents	During the PAC meetings, we went through our data to give the family community an idea of what our results were and what our goals were. This meant that the school developed presentations based on the performance results from our data portal/dashboard websites to present the information in a way that parents could digest our information.
Students	During PAC meetings, students are involved in the decision-making process for our LCAP. At certain PAC meetings, we went through our data to give students an idea of what our results were and what our goals were. This meant that the school developed presentations based on the performance results from our data portal/dashboard websites to present the information in a way that parents could digest our information.
Teachers	Presentations have been made to our staff about our LCAP and the goals. These meetings are held throughout the year, where we speak about our accomplishments and achievements from the past year, our goals for the upcoming year, and ways to attain our goals. During this time, we go over what our projected goals/or make projected goals for the year and for future years.
School administrators	Presentations have been made to our staff about our LCAP and goals. These meetings are held throughout the year where we talk about our accomplishments and successes from the past year, our goals for the upcoming year, and how we will achieve our goals. During this time, we review our projected goals for the year and for future years.

Educational Partner(s)	Process for Engagement
Other school personnel	Presentations have been made to our staff about our LCAP and the goals. These meetings are held throughout the year, where we speak about our accomplishments and achievements from the past year, our goals for the upcoming year, and ways to attain our goals. During this time, we go over what our projected goals/or make projected goals for the year and for future years.
SELPA	SELPA representatives are engaged to ensure that the needs of students with disabilities are adequately addressed in the LCAP. Regular consultation and feedback sessions are held to discuss the effectiveness of special education programs and identify areas for improvement. This collaboration helps develop targeted interventions to support students with disabilities and ensure they receive an equitable and effective education. By actively seeking input from these educational partners, MSA-8 ensures that the LCAP is a comprehensive plan that reflects the needs and priorities of the community. This collaborative approach not only enhances the quality of the LCAP, but also fosters a sense of ownership and commitment among all stakeholders.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The decisions to create goals for our LCAP were influenced by the feedback provided by our educational partners. We, as the MSA-8's administrative team, would take into consideration the perspectives that all of our stakeholders had given, find the middle ground, and then share it back with the stakeholders. The feedback and goals are then presented to the central office for inclusion in the following year's LCAP.

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive high-quality services that are fundamental to academic success, including fully credentialed teachers, standards-aligned instructional materials, and appropriately maintained school facilities.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning) Priority 2: State Standards (Conditions of Learning)
--

An explanation of why the LEA has developed this goal.

Providing basic services means ensuring all students have access to teachers who are fully credentialed in their subject areas, instructional materials aligned with state standards, and safe, properly maintained school facilities. Charter School will also adhere to the MPS Wellness Policy and encourage participation in school meal programs. Research shows when students are provided with these basic services, student learning outcomes increase. The MPS Home Office will provide services such as academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations to support and hold accountable the Charter School for compliance and meeting charter goals. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of basic services to maintain a high-quality learning environment.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	The percentage of teaching assignments that have an assignment monitoring outcome of "clear" (Source: Local Indicator Priority 1, CDE DataQuest TAMO by FTE Report)	2021-22: 75.2%			2024-25: > 85%	
1.2	Percentage of students without access to their	2023-24: 0%			2026-27: 0%	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
	own copies of standards-aligned instructional materials for use at school and at home (Source: Local Indicator Priority 1)					
1.3	Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies) (Source: Local Indicator Priority 1)	2023-24: 0			2026-27: 0	
1.4	Teacher retention rate (Source: HRIS)	2023-24: (Fall 2022 to Fall 2023) 54%			2026-27: (Fall 2025 to Fall 2026) >= 80%	
1.5	Teacher attendance rate (Source: HRIS)	2023-24: (As of 5/15/24) 93.9%			2026-27: >= 95.0%	

## Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable.

## Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Teacher assignments and credentials	<p>Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters.</p> <p>Expenditures associated with this action include the following: Payroll fees, teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, and retirement service fees.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$21,200.00	No
1.2	Instructional materials and technology	Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students.	\$370,895.12	No

Action #	Title	Description	Total Funds	Contributing
		<p>Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs.</p> <p>Expenditures associated with this action include the following:            Depreciation, technology, TelecomInternet, textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>Title II, used for technology: \$909</li> </ul>		
1.3	Clean and safe facilities that support learning	<p>Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management</p>	\$557,163.44	No

Action #	Title	Description	Total Funds	Contributing
		<p>procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school.</p> <p>Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.)</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>		
1.4	Healthy and nutritious meals	<p>Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs.</p> <p>Expenditures associated with this action include the following: student meals, and water.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$20,000.00	Yes
1.5	Well-orchestrated Home Office support services	<p>The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic</p>	\$914,559.50	No

Action #	Title	Description	Total Funds	Contributing
		<p>achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4.</p> <p>Expenditures associated with this action include the following: Home Office management fees, authorizer oversight fees, audit fees, bank fees, legal fees (YM&amp;C, etc.), and other back-office related expenses (Adaptive Insights, DataWorks, etc.)</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>Professional services paid with Title I: \$15,512</li> </ul>		

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
2	EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our “Portrait of a Graduate,” including Literacy with a Learner’s Mindset and Critical Thinking skills as they pursue academic excellence.	Broad Goal

State Priorities addressed by this goal.

- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 5: Pupil Engagement (Engagement)
- Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Charter School desires that all our students pursue academic excellence and be college/career ready. Effective core curriculum and instruction are central to academic success. Therefore, Charter School will ensure that all students, including but not limited to, ELs, students with disabilities, socioeconomically disadvantaged/low-income students, and students achieving below grade level, have access to a high-quality core curricular and instructional program with appropriate services and support. Targeted interventions will be utilized to create a high quality differentiated environment where students are supported to engage at their optimal levels. Charter School will also provide professional development to staff to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Charter School will implement the actions listed under this goal and use the indicated metrics, such as CAASPP assessment results, to measure progress in achievement of academic excellence and college/career readiness.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
2.1	Percentage of students who have sufficient access to all programs and services, as applicable, including the programs and services	2023-24: 100%			2026-27: 100%	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
	developed and provided to unduplicated students and to individuals with exceptional needs, and the programs that are provided to benefit these students (Source: Local Indicator Priority 7, SIS)					
2.2	Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2, TeachBoost/SchoolMint Grow)	2023-24: (As of 5/24/24) 71%			2026-27: >= 85%	
2.3	Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS)	2023-24: (First semester) 85%			2026-27: (First semester) >= 80%	
2.4	Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest)	2022-23: <ul style="list-style-type: none"> <li>All Students: 35.29%</li> <li>English Learners: 0.00%</li> <li>Socioeconomically Disadvantaged : 34.55%</li> </ul>			2025-26: <ul style="list-style-type: none"> <li>All Students: &gt;= 40.00%</li> <li>English Learners: &gt;= 5.00%</li> <li>Socioeconomically</li> </ul>	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
		<ul style="list-style-type: none"> <li>• Students with Disabilities: 6.06%</li> <li>• Asian: *</li> <li>• Hispanic: 34.11%</li> <li>• White: 48.0%</li> </ul>			<ul style="list-style-type: none"> <li>• Disadvantaged: &gt;= 40.00%</li> <li>• Students with Disabilities: &gt;= 15.00%</li> <li>• Hispanic: &gt;= 40.00%</li> <li>• White: &gt;= 45.00%</li> </ul>	
2.5	Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard)	<p>2022-23: (2023 Dashboard)</p> <ul style="list-style-type: none"> <li>• All Students: 41.1 points below standard</li> <li>• English Learners: 109.8 points below standard</li> <li>• Socioeconomically Disadvantaged: 41.9 points below standard</li> <li>• Students with Disabilities: 134.4 points below standard</li> <li>• Asian: *</li> </ul>			<p>2025-26: (2026 Dashboard)</p> <ul style="list-style-type: none"> <li>• All Students: 32.0 points below standard</li> <li>• English Learners: 95.0 points below standard</li> <li>• Socioeconomically Disadvantaged: 32.0 points below standard</li> </ul>

## Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Broad course of study and standards based curriculum	Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule.	\$1,429,594.43	No

Action #	Title	Description	Total Funds	Contributing
		<p>Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses.</p> <p>The following expenditures will be funded by federal categorical funds: N/A</p>		
2.2	Professional development for high-quality instruction	<p>Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs.</p> <p>Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost/SchoolMint Grow software fees.</p> <p>The following expenditures will be funded by federal Title funds: Services &amp; Other Operating Expenses - Professional Development: Resource:</p> <ul style="list-style-type: none"> <li>• Title II Prof Dev-Other: \$15,000</li> <li>• Title II Professional Development: \$9,000</li> </ul>	\$77,500.00	Yes

Action #	Title	Description	Total Funds	Contributing
2.3	MTSS - Academic enrichment, intervention, and student support	<p>Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.)</p> <p>Expenditures associated with this action include the following: Dean of Academics salary and benefits, Title-I/ELD coordinator salary and benefits, instructional aide salaries and benefits, teacher stipends for after school, Saturday school, and summer school, NWEA MAP testing fees, Illuminate DnA fees, and evidence-based supplemental intervention/enrichment program fees (IXL, Accelerated Reader, Paper, BrainPOP, Cityspan, Newsela, and myON.)</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• 3010 Title I 4340 Education Software: \$24,429</li> <li>• 3010 Title I 3500 Unemployment Insurance: \$148.56</li> <li>• 3010 Title I 3400 Health &amp; Welfare Benefits: 1,869.05</li> <li>• 3010 Title I 3300 OASDI/Medicare: \$430.82</li> <li>• 3010 Title I 3100 STRS: \$5,674.95</li> <li>• 3010 Title I 1100 Teacher Salaries: \$29,678</li> </ul>	\$786,487.60	Yes

Action #	Title	Description	Total Funds	Contributing
2.4	Designated and integrated ELD programs and support for ELs	<p>Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences.</p> <p>Expenditures associated with this action include the following: EL coordinator salary and benefits, EL coordinator stipend, EL instructional aide salary and benefits.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• 3010 Title I 3500 Unemployment Insurance: \$58.08</li> <li>• 3010 Title I 3300 OASDI/Medicare: \$168.43</li> <li>• 3010 Title I 3100 STRS: \$2,218.65</li> <li>• 3010 Title I 1100 Teacher Salaries: \$11,616</li> </ul>	\$108,175.11	Yes
2.5	Support for students with disabilities	Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner	\$898,923.18	No

Action #	Title	Description	Total Funds	Contributing
		<p>designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA.</p> <p>Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• (Non-personnel): Title IV, Part A ESEA (ESSA), Professional Services: \$8,000</li> <li>• (Non-personnel): Title I, Educational Software: \$5,313</li> </ul>		

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
3	INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.	Broad Goal

State Priorities addressed by this goal.

Priority 7: Course Access (Conditions of Learning) Priority 8: Other Pupil Outcomes (Pupil Outcomes)
---

An explanation of why the LEA has developed this goal.

It is the Charter School’s vision that our graduates are well-rounded critical thinkers and problem solvers who contribute to the global community. A significant step toward helping our students achieve their maximum potential involves providing a rigorous, relevant and college preparatory curriculum with a STEAM emphasis. Therefore, we will design educational experiences to meet the needs of our scholars with an emphasis on innovation and critical thinking. Charter School will also promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts to our physical education program. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of an innovative, well-rounded education that supports student readiness for college and the global world.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.1	Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 16%			2026-27: >= 10%	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.2	Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 99%			2026-27: ≥ 90%	
3.3	Percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 98%			2026-27: ≥ 80%

## Actions

Action #	Title	Description	Total Funds	Contributing
3.1	College/Career readiness programs and activities	<p>Charter School will promote a college-going culture through college visits, college/career days, and other college/career related activities.</p> <p>Expenditures associated with this action include the following: college/career-related materials and activities.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$0.00	Yes
3.2	STEM and GATE programs	<p>Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research.</p> <p>Expenditures associated with this action include the following: supplemental STEM program fees.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$1,001.00	Yes

Action #	Title	Description	Total Funds	Contributing
3.3	Digital literacy and citizenship programs	<p>Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications, including Artificial Intelligence (AI); digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. As our students gain the ability to navigate computing systems, utilize networks and the internet responsibly, analyze and interpret data with an antibias lens, solve problems using algorithms and programming, and carefully consider the ethics of computing technologies, they will become informed digital citizens who can leverage AI and other technologies to promote social justice and equity.</p> <p>Expenditures associated with this action include the following: computer teacher salary and benefits, and internet security program fees.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• Educational Software: Resource: Title IV, Part A, Amount: \$3,000</li> </ul>	\$8,720.35	Yes
3.4	Physical education, activity, and fitness	<p>Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most</p>	\$385,446.90	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness.</p> <p>Expenditures associated with this action include the following: PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• 3010 Title I 3500 Unemployment Insurance: \$200.53</li> <li>• 3010 Title I 3400 Health &amp; Welfare Benefits: 3,594.32</li> <li>• 3010 Title I 3300 OASDI/Medicare: \$581.53</li> <li>• 3010 Title I 3100 STRS: \$7,660.24</li> <li>• 3010 Title I 1100 Teacher Salaries: \$40,106</li> </ul>		
3.5	Additional programs and activities that support well-rounded education	<p>To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, college mentorship, and other areas.</p>	\$908,911.75	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>		

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
4	CONNECTION: All students, families, staff, and other educational partners will experience our third core pillar, Connection, and have access to meaningful engagement opportunities that help cultivate Effective Communication and Global Citizenship in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.	Broad Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement) Priority 5: Pupil Engagement (Engagement) Priority 6: School Climate (Engagement)
---

An explanation of why the LEA has developed this goal.

School communities are integrated partnerships with the school site staff, families, students and all other educational partners. This sense of connection creates a safe place for all learners and educational partners to affirm individual strengths, develop capacity, celebrate character, build trusting and respectful relationships, promote unity and better decision making. Additionally, community cultivates identity and gives each member a sense of belonging and pride. Charter School will seek family input for decision making, utilize home visits and educational partner surveys, and provide academic and social-emotional support through MTSS/PBIS. We will work with community partners to support the vision and goals of the school, including our students' development of personal and academic networks for long-term resilience and connection. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in sustaining a sense of community and connectedness.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

## Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Seeking family input for decision-making	Charter School will build the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making. Charter School will provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of	\$275.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement.</p> <p>Expenditures associated with this action include the following: parent meeting expenses and Document Tracking Services (DTS) fees and stipends for staff participation/service to SSC, ELAC, and Board Meetings.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>		
4.2	Building relationships and partnerships with families for student outcomes	<p>Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance</p>	\$240,328.27	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school’s EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable.</p> <p>Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• 3010 Title I 5800 Professional Services: \$7,500</li> <li>• 3010 Title I 3500 Unemployment Insurance: \$115</li> <li>• 3010 Title I 3300 OASDI/Medicare: \$333.5</li> <li>• 3010 Title I 3100 STRS: \$4,393</li> <li>• 3010 Title I 1100 Teacher Salaries: \$23,000</li> </ul>		
4.3	MTSS - PBIS and SEL support	<p>Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives</p>	\$386,203.58	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps.</p> <p>Expenditures associated with this action include the following: Dean of Students salary and benefits, discipline coordinator salary and benefits, office/attendance clerk salaries and benefits, school uniform expenses, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• 3010 Title I 4310 Ins Mats &amp; Sups: \$4,053</li> <li>• 3010 Title I 4340 Educational Software: \$9,900</li> </ul>		
4.4	Annual educational partner surveys	Charter School will annually administer school experience surveys to students, families, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms;	\$2,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps.</p> <p>Expenditures associated with this action include the following: Panorama Education survey fees.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• 3010 Title I 5800 Professional Services: \$2,000</li> </ul>		
4.5	Community outreach and partnerships	<p>Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education.</p> <p>Expenditures associated with this action include the following: Community Schools Coordinator salary and benefits, membership fees (CCSA, WASC, etc.), marketing, branding, outreach, and partnership expenses.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$376,131.74	Yes

# Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2024-25]

## Required Descriptions

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.4	<p><b>Action:</b> Healthy and nutritious meals</p> <p><b>Need:</b> Low-income students do not have sufficient or consistent access to nutritious meals and they develop poor eating habits. As a result, they experience poor health and academic outcomes, including, but not limited to, obesity, chronic absenteeism and lower grades. There</p>	<p>MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture’s (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate</p>	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS)</li> </ul> <p>Goal 4:</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>is a need to provide all our students with healthy and nutritious meals.</p> <p><b>Scope:</b> LEA-wide</p>	<p>consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. Finally, there is evidence that adequate hydration is associated with better cognitive performance. With consideration of the importance of good nutrition, Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. We will provide two school meals free of charge during each schoolday to any student who requests a meal without consideration of the student's eligibility for a federally funded free or reduced-price meal, with a maximum of one free meal for each meal service period. This action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. We expect the meal program will help improve the diet and health of our students and mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary</p>	<ul style="list-style-type: none"> <li>• Chronic Absenteeism Rate (Source: CA School Dashboard, SIS)</li> <li>• School experience survey "overall satisfaction rates" based on the responses of our students to the question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		needs. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	
2.2	<p><b>Action:</b> Professional development for high-quality instruction</p> <p><b>Need:</b> The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Addressing the unique needs of students from diverse backgrounds is a major challenge because our teachers need to be prepared with the relevant content knowledge, experience, and training, with a focus on cultural and linguistic characteristics of our diverse learners.</p> <p><b>Scope:</b> LEA-wide</p>	<p>With the needs of our diverse student body in mind, Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost/SchoolMint Grow software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observations, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increased academic achievement of our student groups on</p>	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>• Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2, TeachBoost/SchoolMint Grow)</li> <li>• Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS)</li> <li>• Percentage of students who have met or exceeded</li> </ul>

		<p>the CA School Dashboard, CAASPP assessments, MAP assessments, and student grades as identified in our LCAP metrics in Goal 2.</p>	<p>standard on the CAASPP- ELA/Literacy assessments (Source: CDE DataQuest)</p> <ul style="list-style-type: none"> <li>• Distance from Standard (DFS) on the CAASPP- ELA/Literacy assessments (Source: CA School Dashboard)</li> <li>• Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)- Reading assessment from fall to spring (Source: NWEA MAP)</li> <li>• Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)- Reading</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
			<p>assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP)</p> <ul style="list-style-type: none"> <li>• Percentage of students who have met or exceeded standard on the CAASPP-Mathematics assessments (Source: CDE DataQuest)</li> <li>• Distance from Standard (DFS) on the CAASPP-Mathematics assessments (Source: CA School Dashboard)</li> <li>• Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Mathematics assessment from fall to spring (Source: NWEA MAP)</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
			<ul style="list-style-type: none"> <li>Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Mathematics assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP)</li> </ul>
<p><b>2.3</b></p>	<p><b>Action:</b> MTSS - Academic enrichment, intervention, and student support</p> <p><b>Need:</b> The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Most of our low-income students have parents working multiple jobs and need academic support. Foster youth and English learners may experience feelings of anxiety and confusion.</p>	<p>Considering the needs of our vulnerable student groups in mind, Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology</p>	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2,</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Students struggle with access to materials, technology, and a quiet, private place to study. There are gaps in their learning that need individualized attention.</p> <p><b>Scope:</b> LEA-wide</p>	<p>(reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) We expect that these student supports and interventions will provide increased and improved services for all our unduplicated students who need extra support and attention. This action was found effective in the current school year and will be continued in the coming school year. It will be provided on a schoolwide basis and we expect all student groups to show academic growth as measured by the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and other metrics as identified in our LCAP metrics in Goal 2.</p>	<p>TeachBoost/SchoolMint Grow)</p> <ul style="list-style-type: none"> <li>• Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS)</li> <li>• Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest)</li> <li>• Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard)</li> <li>• Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading</li> </ul>

<p><b>2.4</b></p>	<p><b>Action:</b> Designated and integrated ELD programs and support for ELs</p> <p><b>Need:</b></p>	<p>Considering the needs of our ELs, Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD</p>	<p>Goal 2: For all students, but particularly for the EL and LTEL student groups:</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>The majority of Charter School's student population consists of English Learners (EL), including long-term ELs (LTELs), Reclassified Fluent English Proficient (RFEP) students, and students with disabilities, many of whom are dually identified as EL. ELs need designated English language development instruction. Emerging ELs lack English speaking experience and struggle to communicate. Both ELs and RFEPs have a strong need for meaningful connections among fundamental concepts in the curriculum to their prior knowledge and experiences. They need additional literacy instruction, support, and interventions. Teachers of ELs need to have knowledge of EL strategies and culturally responsive instruction.</p> <p><b>Scope:</b> LEA-wide</p>	<p>instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners. This action was found effective in the current school year and will be continued in the coming school year. While some of the actions described here, including the designated ELD instruction, will be targeted only to ELs, the rest of the actions, including integrated</p>	<ul style="list-style-type: none"> <li>• Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS)</li> <li>• Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest)</li> <li>• Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard)</li> <li>• Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		<p>ELD instruction, will be provided for all students. RFEP students, students with disabilities, and all other student groups will benefit from this schoolwide action. We expect that this action will result in increased academic achievement of our student groups, particularly of our ELs and LTELs, on the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and EL reclassification rates as identified in our LCAP metrics in Goal 2.</p>	<p>(Source: NWEA MAP)</p> <ul style="list-style-type: none"> <li>• Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP)</li> <li>• Percentage of students who have met or exceeded standard on the CAASPP-Mathematics assessments (Source: CDE DataQuest)</li> <li>• Distance from Standard (DFS) on the CAASPP-Mathematics assessments (Source: CA School Dashboard)</li> </ul>

			<p>PL 4 (ELP) between prior and current year (Source: CA School Dashboard)</p> <ul style="list-style-type: none"> <li>Percentage of ELs reclassified to Fluent English Proficient (RFEP) annually (Source: CDE DataQuest)</li> </ul>
<p><b>3.1</b></p>	<p><b>Action:</b> College/Career readiness programs and activities</p> <p><b>Need:</b> The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. A college-going, supportive culture at the school is necessary for our students' college/career readiness.</p> <p><b>Scope:</b> LEA-wide</p>	<p>With the needs of our unduplicated students in mind, Charter School will promote a college-going culture through college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Unduplicated students will receive improved services through college-related materials and activities. These services are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. This action was found effective in the current school year and will be continued in the coming school year. We expect that this action will result in increased academic achievement as measured by the LCAP metrics in Goal 2 as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.</p>	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS)</li> </ul> <p>Goal 4:</p> <ul style="list-style-type: none"> <li>Chronic Absenteeism Rate (Source: CA School Dashboard, SIS)</li> <li>School experience survey "overall satisfaction rates" based on the responses of our students to the question,</li> </ul>

			<p>"Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)</p>
<p><b>3.2</b></p>	<p><b>Action:</b> STEM and GATE programs</p> <p><b>Need:</b> Charter School has a vision to help reverse the tide of U.S. students falling behind their peers in other nations in critical subjects like math and science. We strive to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. Charter School's educational approach is based on the conviction that STEM education is essential to improving our modern society's knowledge base and adaptability to the fast pace of everchanging technological advancements. Historically, the number of African American and Latino students pursuing careers in STEAM fields has been very low. Research suggests that a significant cause of these low numbers is that students have inadequate exposure to intensive STEM curricula.</p>	<p>Charter School strives to address the shortage by inspiring and preparing students to choose career paths in science and technology. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students of color, English learners, and students with disabilities. With the needs of our community in mind, Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to</p>	<p>Goal 3:</p> <ul style="list-style-type: none"> <li>• Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS)</li> <li>• Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p><b>Scope:</b> LEA-wide</p>	<p>supplemental STEM programs and activities. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will challenge our learners to investigate, use problem-based learning, research, and help become independent and innovative scholars. Goal 3 includes metrics for the percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club, percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study, and percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year.</p>	<ul style="list-style-type: none"> <li>Percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year (Source: Local Indicator Priority 7, SIS)</li> </ul>
3.3	<p><b>Action:</b> Digital literacy and citizenship programs</p> <p><b>Need:</b> The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning and effective literacy, communication, and presentation skills. Most of our slow-</p>	<p>With the needs of our students in mind, Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with</p>	<p>Goal 3:</p> <ul style="list-style-type: none"> <li>Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source:</li> </ul>

<p><b>4.2</b></p>	<p><b>Action:</b> Building relationships and partnerships with families for student outcomes</p> <p><b>Need:</b></p>	<p>In order to build partnerships with our families for student outcomes, Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent</p>	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>• Percentage of students who have received a grade of "C" or</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than thirty years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.) To engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in our school community. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs.</p> <p><b>Scope:</b> LEA-wide</p>	<p>conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in</p>	<p>better in core subjects and electives (Source: SIS)</p> <p>Goal 4:</p> <ul style="list-style-type: none"> <li>• Number of activities/events for parent involvement per year (Source: Local Indicator Priority 3)</li> <li>• Percentage of students who have been home-visited by the teachers per year (Source: Local Indicator Priority 3, SIS)</li> <li>• Average Daily Attendance (ADA) Rate (Source: SIS)</li> <li>• Chronic Absenteeism Rate (Source: CA School Dashboard, SIS)</li> <li>• Middle School Dropout Rate (Source: CALPADS)</li> <li>• High School Dropout Rate</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
4.4	<p><b>Action:</b> Annual educational partner surveys</p> <p><b>Need:</b> It is important that parents, students, and staff are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. To engage all students and families equitably, it is necessary to understand the cultures, languages, needs and interests of students and families in our school community. Educational partner voices, i.e., voices of our students, families, staff, and other school community members, play a powerful role in helping us learn how to improve our teaching, leadership, and other school practices. In order to engage educational partners in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage educational partners in decision making. Surveys have been the primary means of collecting student, family, and staff voices about what we are doing great and should keep doing, and what areas for improvement</p>	<p>Considering the needs of our unduplicated students and their families, MPS uses an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and safety. This feedback instrument provides teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the</p>	<p>Goal 4:</p> <ul style="list-style-type: none"> <li>• School experience survey "participation rates" by students, families, and staff (Source: Local Indicator Priority 6, Panorama Education)</li> <li>• School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority</li> </ul>

**Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
-------------------	--------------------	---	------------------------------------

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

**Additional Concentration Grant Funding**

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Similar to the current academic year, MSA-8 will utilize the concentration grant add-on funds (\$98,241) in the following manner:

MSA-8 is using the concentration grant add-on funds received in a manner which is consistent with California Education Code Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

By adding these faculty/staff members, we aim to strengthen our ability to address the diverse needs of our student population and provide targeted support where it is most needed. This strategic allocation of funds will help create a more conducive learning environment and contribute to our student's overall growth and achievement.

<b>Staff-to-student ratios by type of school and concentration of unduplicated students</b>	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		

<b>Staff-to-student ratios by type of school and concentration of unduplicated students</b>	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of certificated staff providing direct services to students

# Local Control and Accountability Plan Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [LCFF@cde.ca.gov](mailto:LCFF@cde.ca.gov).

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
    - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA’s final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA’s diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

## Requirements and Instructions

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

### Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

### **Comprehensive Support and Improvement**

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

#### *Schools Identified*

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

#### *Support for Identified Schools*

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

#### *Monitoring and Evaluating Effectiveness*

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## **Engaging Educational Partners**

### **Purpose**

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

### **Requirements**

**School districts and COEs:** *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52066\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
  - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

## Instructions

### Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

### Complete the table as follows:

#### Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

#### Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

### Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
  - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

**Requirement to Address the LCFF State Priorities**

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in EC sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of EC sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

**Focus Goal(s)**

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

**Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding**

**Description**

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school’s educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school’s educators.
  - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
  - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school’s educators, if applicable.

**Type of Goal**

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

**State Priorities addressed by this goal.**

Identify each of the state priorities that this goal is intended to address.

**An explanation of why the LEA has developed this goal.**

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

## Broad Goal

### Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

### Type of Goal

Identify the type of goal being implemented as a Broad Goal.

### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

**Maintenance of Progress Goal**

**Description**

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

**Type of Goal**

Identify the type of goal being implemented as a Maintenance of Progress Goal.

**State Priorities addressed by this goal.**

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

**Measuring and Reporting Results:**

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
  - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
  - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

#### Metric #

- Enter the metric number.

#### Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

#### Baseline

- Enter the baseline when completing the LCAP for 2024–25.
  - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
  - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
  - Indicate the school year to which the baseline data applies.
  - The baseline data must remain unchanged throughout the three-year LCAP.
    - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain

accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

### Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

### Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

### Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

### Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2025–26</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2026–27</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2025–26</b> and <b>2026–27</b> . Leave blank until then.

**Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
  - Include a discussion of relevant challenges and successes experienced with the implementation process.
  - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

**Actions:**

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.

- For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
- As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
- These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

## Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

## Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
  - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
  - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
  - Professional development for teachers.
  - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
  - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
  - These required actions will be effective for the three-year LCAP cycle.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

**LEA-wide and Schoolwide Actions**

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

**For School Districts Only**

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

**Requirements and Instructions**

Complete the tables as follows:

**Total Projected LCFF Supplemental and/or Concentration Grants**

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

**Projected Additional 15 percent LCFF Concentration Grant**

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

**Projected Percentage to Increase or Improve Services for the Coming School Year**

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

**LCFF Carryover — Percentage**

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

### LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

### Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

## Required Descriptions:

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

### Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### **Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools:** In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

### **Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

### **Identified Need(s)**

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### **How the Action(s) are Designed to Address Need(s)**

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

### **Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

### **Additional Concentration Grant Funding**

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

- The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action’s number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering “All,” or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type “Yes” if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type “No” if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If “Yes” is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools.” If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans.” Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
  - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
  - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### **Contributing Actions Annual Update Table**

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**

- This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).

- **7. Total Estimated Actual Expenditures for Contributing Actions**

- This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).

- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**

- This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).

- **5. Total Planned Percentage of Improved Services (%)**

- This amount is the total of the Planned Percentage of Improved Services column.

- **8. Total Estimated Actual Percentage of Improved Services (%)**

- This amount is the total of the Estimated Actual Percentage of Improved Services column.

- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**

- This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

### **LCFF Carryover Table**

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.

- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**

- This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).

- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

- This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
